

SPA Short Course on Sedimentary Provenance Analysis

Date: September 8-12, 2025

Location: Geoscience Center Göttingen, Germany

Lecturers: Hilmar v. Eynatten, Max Dröllner, István Dunkl, Keno Lünsdorf, Jan Schönig & Gert-Jan Weltje

Content: Principles and Methods of SPA, Heavy Mineral Analysis, Detrital Geochronology and Thermochronology, Raman Spectroscopy, Compositional Data, Statistics, Machine Learning, and Exercises

Participants: The course is designed for Ph.D. students, but advanced MSc students and post-docs are welcome, as well as geoscientists from authorities & the industry. Max. number of participants is 30.

Registration fee: 150€ M.Sc./Ph.D. students, 250€ postdocs, 800€ Industry

Deadline for registration April 21

In 2025 the SPA Course is attached to **Geo4Change** (Sep 14-18), a unique joint conference of 4 scientific societies in Germany:

Geo4Göttingen 2025

GEO4CHANGE

Earth, Life, Climate,
Resources, Materials
